

Indoor insects

and how to get rid of them!

October 15, 2019

5:30 p.m. to 7 p.m.

An insect invasion is a scary thought but knowing more about critters can help you get rid of them! Other questions may be, why doesn't that store-bought product work? What products are safe for my family and pets? If I do have to call an exterminator, how do I know they are doing a good job? We will discuss it all at this event. Join us for the best information at the lowest cost!
