### Great Lakes Honey

Great Lakes Honey is dedicated to providing fresh honey in its healthiest form, Raw. We twice filter our honey, yet never heat it, therefore it retains its natural properties of enzymes and pollen particles.

### Nature's Infusion

We are a small, cottage industry dedicated to providing our customers with the highest quality personal care products we are capable of creating. We take our company name seriously. We believe nature is a precious, perfect gift from God to mankind. At Nature's Infusions, we attempt to bring that gift to you.

### Taylor Farm Cheese

We are committed to producing cheese from fresh milk which has no growth hormones added. The cows are milked twice daily and in many instances the cheese is made with milk so fresh it has come from the cows within the hour. The cows graze on 180 year old permanent pastures free from pesticides, herbicides and chemical fertilizers. The hay we feed the cows is from our own fields and the grain we use is custom blended.
