## Introduction

Cleveland’s Community Gardening program, Summer Sprout, has been in existence since 1976. The City of Cleveland and Ohio State University Extension, Cuyahoga County (OSUECC) partnered in 1977 and continue to work together to make the program a success.

The Summer Sprout program provides soil testing, seeds, starter plants, soil amendments, tilling services, raised bed materials, educational outreach and support to participating gardens. OSUECC works with community partners, including the City of Cleveland Land Bank, who develops land tenureship for garden sites. In 2016, Summer Sprout supported 22 new community gardens in the City of Cleveland, adding to the 172 that returned from the 2015 growing season. Community gardens in Cleveland are diverse; neighborhood clubs, schools, faith-based groups, non-profit agencies, and many others.

2015

**Summer Sprout Applications** for new gardens (Appendix A, page 74) were made available during the month of September, 2015. Newly enrolled gardens received acceptance letters by mid-October. Soil tests were taken in October and sent to the University of Massachusetts soil lab to test for lead (Pb), pH, and nutrient levels. Meetings were held in November with new gardeners to discuss the Summer Sprout program and how it would support their projects. **2016 Summer Sprout Renewal forms** (Appendix B, page 79) were sent to existing gardens in October of 2015 and were due back to OSU Extension by the middle of November. This form requested updated contact information, garden information, and service and materials needs for 2016.

**Spring**

The Annual **Garden Leader Kickoff** was held on April 9, 2016 at the Slovenian National Home and provided gardeners with information regarding plant distribution, tilling, and allowed for networking opportunities. Gardeners were also able to purchase a hydrant permit and pick up a total of 11,085 vegetable, herb, and flower seed packets.

On April 19th **60 bare root fruit trees and 446 small fruit plants** (blackberries, raspberries, and strawberries) were distributed to gardeners at the OSU Extension office. Starting in March **soil and leaf humus (totaling 173 and 97 cubic yards, respectively)** were delivered to 47 Summer Sprout sites. 17 gardens received a total of 122 pieces of lumber for raised beds. 63 gardens received tilling services through the program. Plant distribution occurred at Stanard Farm from May 12th-14th. **52,128 starter plants** (tomatoes, peppers, collard greens, cabbage, and eggplant) were distributed to gardeners.
2016 Summer Sprout Community Gardening Program Snapshot

Summer

June through September OSUECC staff and interns conducted **130 site visits** to Summer Sprout gardens throughout the city. Staff were able to troubleshoot problems, give recommendations, and suggest community resources available to gardens, including grant opportunities and local community development corporations. Staff measured overall garden area and production space, took note of structures on site, and what fruits and vegetables were being grown on site. The Site Assessment Worksheet can be found in Appendix E (page 88).

In 2016, OSU Extension, Cuyahoga County held 28 free workshops focusing on various urban agriculture topics throughout the county. Workshop topics include seed starting, youth gardening, fruit tree planting and pruning, integrated pest management (IPM), composting, hoop houses, cultural crops, and fall planting. Over 225 community members attended these workshops. The 2016 Summer Sprout application for new gardens was made available during the month of July 2016. 22 new community gardens were accepted into the Summer Sprout program for the 2016 gardening season.

Fall and Winter

In September, season extension workshops where held and roughly **20 gardens received cover crop seed, and row cover**. In 2016 **twenty-seven Summer Sprout gardeners graduated** OSU Extension’s eight week Dig-In! community garden training program which met once weekly for 2.5 hours January through March of 2016. 2016 had **eleven more graduates** than 2015! Participants learned how to locate and assess sites, organize a group of gardeners, plan and design a garden, grow vegetables and fruit, incorporate integrated pest management practices, identify community resources, and increase neighborhood access to fresh produce. Gardeners had opportunities to network, gain gardening skills, and confidence. Starting in January 2017 Summer Sprout gardeners will be enrolled in OSU Extension Cuyahoga County’s Dig-In program.
Health Impacts

In the 2017 Renewal Form we asked garden leaders a series of questions regarding how working in the community garden impacts their health. 94% of garden leaders responded to the survey.

**Because I work in the garden, I...**

- Eat more vegetables.
- Am more physically active.
- Spend less money on food.

The graph below shows the percentage of participants who **STRONGLY AGREE** with the following statements.

**Because I work in the garden, I...**

<table>

2016 Summer Sprout Application

DUE NO LATER THAN 5:00 PM on July 31st, 2015

What is Summer Sprout?

Summer Sprout is Cleveland’s community gardening program. It is managed by the Ohio State University Extension of Cuyahoga County’s (OSUE) Urban Agriculture Program. Summer Sprout gardens receive technical assistance and can participate in educational workshops from OSUE. Gardens are also eligible to receive materials and services, such as soil tests, seeds, starter plants, tilling services, soil amendments, and materials for raised beds. There are 200 active gardens in the program in 2015.

What is the role of OSUE’s Urban Agriculture Program?

OSUE works with all Summer Sprout gardens to provide technical assistance including soil testing, garden design, and education through workshops and trainings. OSUE’s Urban Agriculture Program and Summer Sprout have been working together for more than 30 years to help residents of Cleveland organize and maintain community vegetable gardens that provide healthy produce, neighborhood beautification, and a positive community-building activity. OSUE also supports Urban Agriculture through training market gardeners, master gardeners, and supports our local food system through policy and advocacy through the Cleveland-Cuyahoga County Food Policy Coalition.

What should you do before applying for the Summer Sprout program?

We strongly encourage applicants to review OSUE’s Community Gardening website at: http://cuyahoga.osu.edu/program-areas/agriculture-and-natural-resources/resources

Here you can watch our video about how to start a community garden by clicking on “Cultivating Our Community: A How-To Guide for Community Gardening.” You can also click on our “Guide for Starting a Community Garden in Cuyahoga County” to review the Community Gardening Toolkit.

Summer Sprout Application Process Timeline

1. July 31st, 2015: Deadline to submit application to OSUE no later than 5:00 pm.
2. August 2015: Notification by OSUE if your application has been accepted into the Summer Sprout program.
3. August/September 2015: Soil tests will be taken by OSUE for all accepted sites. Results will be shared with gardeners to help plan for the garden’s design. Please note that pending the soil results, other options, including new site selection, may be necessary. This is critical if high levels of heavy metals, such as lead (pb) are found.

If you need assistance completing this application please contact:
Erin Richardson at (216)429-8200 ext.246 or Richardson.489@osu.edu

The Ohio State University
College of Food, Agricultural, and Environmental Sciences

2016 Summer Sprout Application | Ohio State University Extension, Cuyahoga County
## Interested gardeners must follow these steps:

| Step 1 | Locate a piece of land within Cleveland City Limits  
The land may be a vacant parcel or a site at a school, church, or other institution.  
*It may not be located in the backyard of a private residence.* |
| Step 2 | Identify the landowner and get written land use permission  
Interested gardeners must already have written permission or be in the active process of acquiring land when this application is submitted. You can go to the City of Cleveland Planning Commission GIS website to gather landowner information and a parcel ID number:  
- Click “Locate Address.” Fill in the address in the window that pops up.  
- Next click “Map This Address” to find it on the map.  
- Select “Zoom in” and continue to zoom in to find the parcel.  
- Then select “Identify” and click on the parcel. A window should pop up with the address, parcel identification (PID) number, ward, etc.  
- Click the link “County Auditor’s Information for…” and the landowner information from the County Auditor’s website should pop up.  
If the land has a Private Owner, please have a signed and notarized contract allowing the garden group to use the land for at least 3 years. Submit it to OSUE with your application. There is an example of this contract at the end of this application. |
| Step 3 | Have at least 5 gardeners involved who are NOT all related. |
| Step 4 | Identify a Garden Leader and an Assistant Garden Leader to organize the group, disperse information, plants, and materials the program provides and attend garden leader meetings. These will also be Summer Sprouts main contacts w/ the gardens, so please provide complete contact information. |

### Please Note:
Garden Leaders and Assistant Garden Leaders must reside or work in the City of Cleveland OR be involved with a group that has strong ties to the community within city limits (i.e. church group, service organization, etc.). Gardens participating in the Summer Sprout Program are not permitted to sell or barter produce grown on site.

## Application Checklist

- Application is completely filled in. (Please do not leave anything blank.)

- If you are using Private Land, submit a notarized contract with private landowner. An example contract can be found at the end of this application.

- If the land is a City of Cleveland Land Bank lot, an approved Summer Sprout application usually leads to an approved license from the City of Cleveland to use the lot as a community garden. If the City of Cleveland does not approve the site for a license, OSU Extension will work with the garden group to select a new site.

4 2016 Summer Sprout Application | Ohio State University Extension, Cuyahoga County
# Appendix A

## 2016 Summer Sprout Application

### SECTION C  
**GARDEN VISION**

Why do you want to start a Community Garden? (You may attach additional pages.)

### SECTION D  
**GARDEN INFORMATION**

Please answer the following questions to the best of your ability.

1. How will the garden be watered?
   - [ ] fire hydrant  
   - [ ] water spigot  
   - [ ] rain barrels  
   - [x] unknown  
   - [ ] other: __________

2. Who will maintain the areas within the garden lot (i.e. grass mowing)?
   ____________________________________________

3. How will trash removal be handled at the community garden?
   ____________________________________________

4. Have you talked to the Community Development Corporation* (CDC) in your neighborhood about your community garden project?
   - [ ] YES  
   - [x] NO  

   *A map and contact list of all CDCs can be found at the end of this application

5. Have you had your garden or garden location soil tested before**? If so, please include a copy of it with this application.
   - [ ] YES  
   - [x] NO  

   **if selected the Summer Sprout program will provide your garden with a soil test if your garden does not already had one

For gardens using private land only

Please submit a signed and notarized contract with private landowner.

Sample Form: Permission for Land Use

The following form is intended as a guide only; be sure that the final agreement you use meets the needs and details of your group and the property owner.

I, _______________________________ give permission to

_____________________________ to use the property located at:

_____________________________ as a community gardening project, for the:

_____________________________ Term of ______ years beginning ______ and ending ______

_____________________________ (start date) (ending date)

This agreement may be renewed with the approval of both the property owner and the community garden organization at the end of the agreement period. All questions about the community garden, its nature, risks or hazards, have been discussed with the garden coordinator to my satisfaction.

The community garden agrees to indemnify and save harmless the property owner from all damages and claims arising out of any act, omission or neglect by the community garden, and from any and all actions or causes of action arising from the community garden's occupation or use of the property.

As the property owner, I agree to notify the community gardening organization of any change in land ownership, development, or use 60 days prior to the change in status.

_________________________________________

Property owner's signature

Appendix B

2016 Summer Sprout Renewal Form

OSU EXTENSION
THE OHIO STATE UNIVERSITY

2016 Summer Sprout Renewal Form

This form serves as a way to update your garden’s contact information, collects details about this season, and informs us of changes and needs you may have in the coming year. Please complete this form in its entirety.

This year renewal forms are available to gardens both electronically and in paper form. Gardens only need to complete one renewal form (electronic OR paper, not both).

Due to the very high number of Summer Sprout gardens in 2015, all gardens must submit a renewal form by the deadline in order to secure their spot with the Summer Sprout program for 2016. Gardens that do not submit a renewal form by the deadline will jeopardize their standing in the program, which may include lack of access to services and resources. We appreciate your understanding of this and encourage you to contact us at any time if you need assistance or have important information to share.

RENEWAL FORMS ARE DUE by 5:00PM OCTOBER 9th, 2015

☐ YES, our garden will continue to be part of the Summer Sprout Community Gardening Program
☐ NO, our garden will no longer be part of the Summer Sprout Community Gardening Program

If NO, why not?

1. Required Garden Information

Name of Garden

Is your garden adding a new lot OR changing locations?  ☐ YES  ☐ NO
If yes, please contact Erin Richardson at (216)429-8200 ext. 246 or Richardson.489@osu.edu to complete the necessary paperwork to move or expand your community garden

Please indicate how much you agree or disagree with following statements.

IV. About Your Garden

1. Do any of the following tend at least one plot in the garden? (check all that apply)
   - Child care
   - None of those
   - Preschool
   - School
   - Other youth group (please describe):
IV. About Your Garden (CONTINUED)

2. Did you donate produce in 2015? □ YES □ NO
   Estimated pounds donated: ________________
   If YES, where are you donating?:
   Donation location name: ____________________________
   Donation location address: ____________________________
   Does your garden donate to a Hunger Network site? □ YES □ NO

2. Does your garden donate produce... □ Regularly □ Occasionally

3. Do you currently weigh produce with a scale? □ YES □ NO
   If NO, would you be interested in doing so? □ YES □ NO

4. In the past year did your garden do any of the following? (Please check all that apply)
   □ Receive a grant □ Fundraise □ Receive any donated supplies or Material
   □ Receive help in the garden (not from gardeners) □ None of these

5. Do you have any highlights you would like to share about the 2015 season?
   __________________________________________________________________________
   __________________________________________________________________________
   __________________________________________________________________________

V. Changes and Needs for 2016

1. Does your garden have a waiting list for 2016? □ YES □ NO

2. Did your garden have vacant plots last year? □ YES □ NO

3. Does your garden have fruit trees? □ YES □ NO

4. Does your garden want fruit trees? (answering yes does not guarantee you will receive fruit trees)
   □ YES □ NO

5. What type of fruit tree would your garden want the most? (please only select one type of tree)
   □ Apple □ Pear □ Peach □ Plum □ Cherry □ Nectarine

6. Does your garden need tillng services from OSUE for the 2016 season?
   (Tilling is done May-June, timing varies upon weather conditions, raised beds cannot be tilled)
   □ YES □ NO

7. Is there anything specific tillers should know before coming to till your garden?
   (locked gates, open garden hours, etc.)
   __________________________________________________________________________

8. Do you have any suggestions as to how we can improve the Summer Sprout Community Gardening Program?
   __________________________________________________________________________

9. Last year OSU Extension offered 25 workshops on the topics of weed management, pest management, and many others. Do the workshops OSU Extension offers cover the needs of your garden?
   □ YES □ NO if NO, Please explain:
   __________________________________________________________________________
VI. Master Gardener Volunteer Mentors

The Master Gardener Community Garden Mentor Program is designed to match an experienced Ohio State University Extension Master Gardener Volunteer (MGV) with a community garden. MGV’s are to provide growing advice to gardens throughout the growing season. It can be in the form of site visits, phone calls, e-mail, etc. The MGV mentor can help you solve growing problems but should not be expected to do labor on site. We have a limited number of MGV’s, so we will match the gardens that have the greatest need (usually the least experienced) first.

1. Is your garden interested in being matched with a MGV Community Garden Mentor?  
   □ YES  □ NO

2. What do you consider the greatest challenges at your garden (Select All That Apply)?:
   □ Pest and Disease Problems  □ Weeds
   □ Composting  □ Planting, soil preparation and plot design
   □ Knowing when to harvest and what to do with the produce you grow

3. Do you have any other problems that are not listed above?

4. If we are not able to match you with a mentor, would you be willing to host a workshop at your community garden?  □ YES  □ NO

As the Garden Leader, I have read, understand, and agree to follow all guidelines and policies. I have answered all questions on the application thoroughly and honestly.

Signature: ___________________________  Date: ___________________________

***PLEASE SIGN THE AGREEMENT FORMS ON THE BACK OF THIS PAGE***

RENEWAL FORMS ARE DUE at the Extension Office by 5:00pm on October 9th, 2015

You may electronically submit form, email, fax, mail, or drop off the form to:

Email: Richardson.489@osu.edu
Phone: (216) 429-8200 ext. 246
Fax: (216) 429-3146

Ohio State University Extension, Cuyahoga County
ATTN: Summer Sprout
5320 Stanard Ave.
Cleveland, OH 44103.

QUESTIONS? Contact Erin Richardson (216) 429-8200 x 246 // Richardson.489@osu.edu
The Summer Sprout Program is supported by The City of Cleveland Department of Community Development.

PLEASE READ AND SIGN THE GARDEN LEADER AGREEMENT AND WAIVER ON THE NEXT PAGES
2016 Garden Contact Information Form

OSU Extension wants to connect your garden to the community! Please let us know how you would like us to display contact information about your garden.

Select all that apply...

☐ OSU Extension can display my contact information on a web-based garden map

Doing this will allow interested community members, organizations, and volunteers to see where your garden is located and contact you about getting involved with the garden.

☐ OSU Extension can share my contact information only with individual gardeners who want to join my garden

Doing this allows OSU Extension to share your contact information with interested community member, organization, or volunteer who specifically request this information. Your contact information will not be part of a web-based garden map.

☐ OSU Extension should not share my contact information without asking me

If an interested community member, organization, or volunteer would like to contact your garden OSU Extension will call you first to make sure it’s OK to share your contact information with them. Your contact information will not be part of a web-based garden map.

Appendix C

2016 Garden Leader Agreement

2016 Summer Sprout Garden Leader Agreement

Summer Sprout will: (Based on need and availability of funding)
- Provide education and training through Ohio State University Extension.
- Supply vegetable seeds and starter plants.
- Assist in soil preparation according to evidence-based soil-building practices including providing soil testing, education on composting and no-till practices, and plow and till services. When tilling services are provided the community gardens should be clear of any type of debris. The community garden site receiving soil treatment services must also be clearly marked-off and defined before receiving services.
- Provide registered community vegetable garden groups the opportunity to purchase a fire hydrant permit at the City of Cleveland Water Department.
- Provide soil and/or leaf humus based on evidence-based practices.
- Visit community vegetable gardens during the season to provide education and technical assistance, if necessary.

The Garden Leader agrees to:
- Fully complete and return the Summer Sprout Renewal Form, Agreement, and Waiver.
- Have at least five registered participants in the garden. All gardeners cannot be from the same family.
- Provide accurate and timely gardening information to all of the registered gardeners.
- Provide Ohio State Extension, the City of Cleveland, and your local community development corporation with written documentation as to why a community gardener or community member is being asked not to return to the garden. Written documentation should include reasons why gardener/community member was asked not to return to the garden as well as specific documentation taken to resolve the situation.
- Distribute all supplies and services made available by Summer Sprout equally among the registered gardeners. This includes the OSUE newsletter and OSUE workshop schedule.
- Work with the registered gardeners to see that gardens are planted, maintained, and harvested.
- Keep all areas that are not being used for gardening free of weeds and trash.
- Clean up the community garden in the fall.
- Make garden plots available to all people without consideration of sex, race, religion, or sexual orientation.
- Provide information requested by the Summer Sprout and the OSUE Community Gardening Program.
- Cooperate to the best of your ability with Summer Sprout, OSUE, gardeners, and neighbors.
- Get written permission from the landowner to use the land as a community vegetable garden.
- Be present at the time of Summer Sprout provided tilling services when provided. If the garden leader is not present at the time tilling is scheduled to take place the garden will not be tilled.
- Clearly designate, post, and distribute garden access hours for all gardeners to view.
- Use resources obtained through the Summer Sprout Program for Summer Sprout gardens only.
- Prohibit selling of any produce from or on a Summer Sprout garden site. If the City of Cleveland or OSUECC determines that the Summer Sprout Garden participant(s) has sold and/or bartered any produce made from the Summer Sprout Program that the Gardener(s) shall be prohibited from participating in the Summer Sprout Program for a period of three (3) Summer Sprout Garden years following the City of Cleveland’s determination that said Summer Sprout Gardener(s) violated this rule.

I have read the above agreement, understand my responsibilities and will abide by them. I understand that failure to fulfill my responsibilities will jeopardize Summer Sprout services at my community garden and my continuation as a Garden Leader.

Summer Sprout Community Gardening Program 2016 Renewal—RETURN BY OCT 9 th , 2015
Ohio State University Extension, Cuyahoga County
2016 WAIVER FORM

RELEASE OF CLAIMS

I am duly aware of the risks and hazards that may arise through participation in Ohio State University Extension’s Community Gardening Program and assume any expenses and liabilities I incur in the event of an accident, illness, or other incapacity. If I have had any questions about the Community Gardening Program, its nature, risks, or hazards, I have contacted the Extension Educator and/or Program Assistant and discussed those questions with him or her to my satisfaction.

In consideration of being granted the opportunity to participate in the Community Gardening Program, I, for myself, my executors, administrators, agents, and assigns, do hereby release and forever discharge the Ohio State University, and its Board of Trustees, administrators, employees, servants, agents, assigns, and officers and the cooperating landowner for all claims and damages, demands, and any actions whatsoever, including those based on negligence, in any manner arising out of my participation in this activity. I understand that this release means that, among other things, I am giving up my right to sue Ohio State University and cooperating landowner for any such losses, damages, injury, or costs that I may incur.

I also acknowledge that Ohio State University Extension’s role through the Summer Sprout Program is to provide urban agriculture support, technical assistance, and education. Ohio State University Extension is not responsible for any form of conflict resolution within the garden or relating to the garden. Should a situation arise that calls for conflict resolution garden leaders, participants, and community members should contact their ward’s community development corporation and council member.

## 2016 Summer Sprout Site Visit Worksheet

### 2016 Summer Sprout Garden Site Visit Survey

<table>
<thead>
<tr>
<th>OSUE Contact Name:</th>
<th>Pre-Garden Site Visit Notes:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Date of Site Visit: <em><strong>/</strong></em>__/_______</td>
<td></td>
</tr>
<tr>
<td>Time:</td>
<td></td>
</tr>
<tr>
<td>Garden Name:</td>
<td></td>
</tr>
<tr>
<td>Garden Address:</td>
<td></td>
</tr>
<tr>
<td>Gardener Present at Site Visit:</td>
<td></td>
</tr>
</tbody>
</table>

1. Please tell me a little bit of history about your garden and how it was started.

2. Have the boundaries of your garden changed since last year? (Boundaries = total garden area or lot size)

   2A. If yes, measure the whole garden site:

<table>
<thead>
<tr>
<th>Length:</th>
<th>Width:</th>
<th>Total Area:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes</td>
<td>No</td>
<td></td>
</tr>
</tbody>
</table>

3. Has the amount of growing space within the garden changed since last year?

   If yes, measure all the gardens growing area:

<table>
<thead>
<tr>
<th>Length:</th>
<th>Width:</th>
<th>Total Area:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes</td>
<td>No</td>
<td></td>
</tr>
</tbody>
</table>

4. What best describes the way the garden is organized? (Choose only one)

   4A. All individual garden plots

   4B. All shared garden plots

   4C. A mix of individual and shared plots

5. What type of garden plots does the garden use?

   5A. In-ground (no frame)

   5B. Raised beds (some type of frame)

   5C. Both in-ground and raised beds

6. What is one success that has happening in the garden this year?

   ________________________________

7. What is one thing you would like to improve in the garden this year?

   ________________________________
