2018 Summer Sprout Application

DUE NO LATER THAN 5:00PM on August 4th 2017

What is Summer Sprout?

Summer Sprout is Cleveland's community gardening program. It is managed by the Ohio State University Extension of Cuyahoga County's (OSUE) Urban Agriculture Program. Summer Sprout gardens receive technical assistance and can participate in educational workshops from OSUE. Gardens are also eligible to receive materials and services, such as soil tests, seeds, starter plants, tilling services, soil amendments, and materials for raised beds. There are 187 active gardens in the program in 2017.

What is the role of OSUE's Urban Agriculture Program?

OSUE works with all Summer Sprout gardens to provide technical assistance including soil testing, garden design, and education through workshops and trainings. OSUE's Urban Agriculture Program and Summer Sprout have been working together for 40 years to help residents of Cleveland organize and maintain community vegetable gardens that provide healthy produce, neighborhood beautification, and a positive community-building activity.

What should you do before applying for the Summer Sprout program?

We strongly encourage applicants to review the Summer Sprout Program's website at:

www.u.osu.edu/summersprout

Here you can learn more about the Summer Sprout program, find existing community gardens in your neighborhood, and access great gardening information. We especially recommend reviewing the document *Growing a Community: A Guide for Starting a Community Garden* in the resource section.

Summer Sprout Application Process Timeline

1. **August 4th, 2017:** Deadline to submit application to OSUE no later than 5:00 pm.
2. **August 2017:** Notification by OSUE if your application has been accepted into the Summer Sprout program.
3. **August/September 2017:** Soil tests will be taken by OSUE for all accepted sites. Results will be shared with gardeners to help plan for the garden's design. Please note that pending the soil results, other options, including new site selection, may be necessary. This is critical if high levels of heavy metals, such as lead (pb) are found.

If you need assistance completing this application, please contact:

Interested gardeners must follow these steps:

Step 1	<p>Locate a piece of land within Cleveland City Limits The land may be a vacant parcel or a site at a school, church, or other institution. <i>It may not be located in the back yard of a private residence.</i></p>
Step 2	<p>Identify the landowner and get written land use permission Interested gardeners must already have written permission or be in the active process of acquiring land when this application is submitted. You can go to the City of Cleveland Planning Commission GIS website to gather landowner information and a parcel ID number: http://planning.city.cleveland.oh.us/gis/cpc/basemap.jsp?command=larger</p> <ul style="list-style-type: none"> • Click “Locate Address.” Fill in the address in the window that pops up. • Next click “Map This Address” to find it on the map. • Select “Zoom in” and continue to zoom in to find the parcel. • Then select “Identify” and click on the parcel. A window should pop up with the address, parcel identification (PID) number, ward, etc. • Click the link “County Auditor’s Information for ...” and the landowner information from the County Auditor’s website should pop up. <p>If the land has a Private Owner, please have a signed and notarized contract allowing the garden group to use the land for at least 3 years. Submit it to OSUE with your application. There is an example of this contract at the end of this application.</p>
Step 3	<p>Have at least 5 gardeners involved who are NOT all related.</p>
Step 4	<p>Identify a Garden Leader and an Assistant Garden Leader to organize the group, disperse information, plants, and materials the program provides and attend garden leader meetings. The Garden Leader and Garden Leader Assistance will be the main contacts OSUE and the Summer Sprout Program will communicate with. Please remember to submit complete contact information.</p>
Please Note:	<p>Garden Leaders and Assistant Garden Leaders must reside or work in the City of Cleveland OR be involved with a group that has strong ties to the community within city limits (i.e. church group, service organization, etc.). Gardens participating in the Summer Sprout Program are not permitted to sell or barter produce grown on site.</p>

Application Checklist

- Application is completely filled in. (Do not leave anything blank.)**
- If you are using Private Land (non-Land Bank Land), submit a notarized contract with private landowner. An example contract can be found at the end of this application.**
- If the land is a *City of Cleveland Land Bank* lot, an approved Summer Sprout application *usually* leads to an approved license from the City of Cleveland to use the lot as a community garden. If the City of Cleveland does not approve the site for a license, OSU Extension will work with the garden group to select a new site.**
